

Repertoire

VARIANDO MUSIC

Variando Music is a youthful music program service whose strength is its versatility. The program is further enriched by a collection of musical instruments including many rarities.

SENIOR CONCERTS

Music brightens the day for the elderly, which is why our senior concerts are very popular in service centers and nursing homes. Whether it is a sing-along or a concert, the program consists of tunes familiar to the audience - tunes that bring back fond memories from years gone by.

SOLO ARTISTS

Our experienced solo artists are masters of their instruments. They master several musical genres, and they all have an extensive repertoire ready for performance. The content of the performance can be tailored to the occasion and your wishes.

MUSICAL ENSEMBLES

We also ensembles representing different musical styles and combinations of instruments for parties and corporate events. The musicians in all ensembles are experienced professionals on their instruments.

BUSINESS EVENTS

Book a musician, band or orchestra to entertain your corporate guests. We can also provide a professional host for your event.
